

SUMMER INTENSIVE:

EARTH-AIR-WATER-FIRE: A Painting Renewal Workshop based on the 4 elements.

A Painting Course that will bring new life to your painting. 6 Sessions, starting with an introduction on Monday, July 27.

This painting course will take place this summer via Zoom live calls and its suitable for ALL LEVELS of experience, as long as you have a firm commitment to your desire to improve your painting work. The only requirement is an openness to go through a process, a desire to be experimental.

This course is for you if:

- Your inner critic has taken over and you can't seem to shift it.
- You can't let go of the notion that art is inaccessible to you because you haven't been to art school, OR,
- You went to art school but haven't painted for so long that you feel its dead.
- You always tend to do the same things when you painting and feel bored,
- You feel stuck
- You are up for an exciting challenge that will bring new life into your work.

This is a **highly experimental workshop**, which will get your painting moving to the next level, along with your approach to it. It will open new doors for you, and add methods you may even incorporate into your future painting work. More than anything, **it will re-enliven the way you think about your work and the possibilities available to you.**

The exploration will be primarily abstract and based on your own discoveries. As usual, I will guide you individually AND you will have access to me in between sessions, to reach out with questions, and/or when you get stuck.

We will use the 4 elements as a framework, and gain a richer, more fully sensed experience of what these are.

All this from the comfort of your own home, but with the advantage of a real group of like minded people, painting alongside you, going through the same process. Mutual inspiration, peer feedback and even friendships have been part of the mix in previous courses.

This course will be one of the most experimental, fun and life giving courses you will experience and it will benefit your painting work like no other.

Dates are:

Session 1-Introduction: **Monday, July 27.**
